MEETING OF WOMAN'S COMMITTEE OF THE CHAMBER OF COMMERCE

Many Topics of Interest to Citizens of Community were Discussed

FINE PROGRAM IS OUTLINED

A very enthusiastic meeting of a representative committee of the women of the Chamber of Commerce was held last evening. At present there are twenty-nine women who are members of the Chamber, and one of the requests in which the women were unanimous was that a permanent committee of five women should be appointed by the president of the chamber.

The Secretary-Manager of the Chamber of Commerce recommended that there be a federation of all the women's organizations, civic, cultural, literary and religious, of Charleroi, so that when any issue is to be put over there may be a concentrated drive of all the women toward a common goal. The women are especially anxious to have a social worker who might also be a community nurse for this borough. The Red Cross is ready to finance such a person if the Chamber of Commerce will back the movement. Also it was felt that the women might be very instrumental in bringing about a reduction in the price of milk. The women have also made the proposition that if the men erect the White Way lighting system, that they will do something toward securing better lights for the alleys.

The following are some of the things which were discussed in a general way at the meeting last evening: Improving station grounds by co-operating with the Railway company; Use vacant lots as playgrounds and raise money for proper equipment; start properly chaperoned meeting and dancing places for young girls and young men; have a study club to learn about your town government and affairs; ask the men responsible for the city departments to talk to you about their works; start a "Talk Less-Read More" campaign in connection with the library; use a room in the Municipal building for library purposes; have a community Christmas tree and don't forget the "Shut-ins" of the hospitals and other institutions; plant memorial trees for the dead heroes of the town; have town and neighborhood clean-up days every month; do everything possible to encourage more work for the local hospital; provide a nursery to take care of the children of the mothers who must work.

It is desired in this connection to make a correction in regard to taxes mentioned in the article on consolidation of the previous evening. The present tax rate of the town of North Charleroi is eighteen mills instead of twenty-five mills. The tax of Charleroi is twenty-five mills for school and twenty mills for borough. It should be stated in all fairness that North Charleroi has made some provision for taking care of the fires that may occur locally, and at the present time money is being raised to secure a motor-driven fire apparatus. Also North Charleroi at the present time employs one policeman.

The Committee on Housing will meet this evening at eight o'clock in the Borough Building.

The Forum Committee, composed of Attorney Guy Moffitt. Mrs. R. H. Rush, Mr. T. Crowley, T. L. Pollock and W. H. Milliken, will meet on Friday evening.

NEW HOIST WILL SOON BE IN OPERATION

The new coal and coke hoist, now under construction by the Pittsburgh Steel company, and which will deliver fuel from the river for the needs of the plant, will be completed and in operation, it is expected, some time early in April.

TO ASK BIDS ON NEW SCHOOL BUILDING

Harry W. Altman, architect, of Uniontown has drawn plans and will soon ask for bids for the erection of a new $100,000 high school building to be erected in Bentleyville, to take the place of the building destroyed last summer. There will be twenty class rooms and a gymnasium in the building. Washington and Jefferson townships in Fayette county are also preparing to erect school buildings this coming summer. Washington township asking bids on an 11-room frame structure, and Jefferson township on a building that will cost about $100,000. In spite of somewhat unfavorable building conditions, it looks as if there will be a great deal of activity in this during the coming year.

DEMARCO WINS FAST BATTLE OVER RIGHTER

Caddy DeMarko of Charleroi, beat Earl Righter of Cincinnati, in a fast three-round bout at the Pittsburgh Athletic club on Saturday evening last. DeMarko was awarded a handsome gold stick pin with a diamond. He is now boxing for the Mesta Club and is considered a contender for the 115 pound amateur championship, which will take place in Boston next month.

The pavement on Fifth street in front of the Hotel Wilbur, was roped off this morning, preparatory to the work of tearing down the front of the building. Workmen have begun the razing process, which will be continued until all of the front has been removed.

Rev. C. W. Bressler was the speaker last evening at the Lenten services held in the Grace Lutheran church at Monongahela.

The Frances Willard class of the M. E. church will meet at the home of Mrs. H. E. Price, 507 Sixth Street, Thursday evening. The hostesses will be Mrs. T. H. Pollock, Mrs. W. H. Milliken and Mrs. H. E. Price.

Four Sent To Jail for Robbery of Distillery

Pleading guilty to having participated in the theft of eight barrels of whisky from the Vandergrift distillery warehouse in East Bethlehem township, June 27, 1920, A. J. Hyatt of Allenport, formerly of Fredericktown; Duncan Lyons of Vestaburg, and Fred Anderson and William Crockett, of Fredericktown, were sentenced to serve four months in the Washington county jail by Judge W. H. S. Thomson in federal court at Pittsburgh on Wednesday.

The four prisoners were brought to Washington late the same afternoon by federal officers and commenced serving their terms. In addition to their jail sentences each of the defendants were ordered to pay a fine of $500.

E. Lowery Humes, former federal district attorney, was counsel for the defendants. He made a plea for leniency on behalf of the four men, declaring they had taken the whisky more as a joke, just to see if it was possible to take liquor from the Vandergrift warehouses as easily as reports declared.

The men sentenced are well known in the Fredericktown section, A. J. Hyatt, one of the prisoners, being formerly employed as an officer there.

After being taken from the warehouse the eight barrels of whisky were stored in a barn, where they were cached for a time. Later the liquor was distributed. Nine arrests were made at the time, the prominence of the defendants causing a sensation.

NO GENERAL WAGE CUT AT THE MINES

The action of the Rainey company in announcing a wage reduction at their coal and coke plants was the sensation of the week in the Fayette county mining district. The matter was the subject of considerable discussion throughout the industry and there was much conjecture as to the effect of this initial step by the largest independent operator in the territory. No similar announcements are forthcoming as yet from other independent operators, and it is considered probable that no such action will be taken prior to April 1.

One of the reasons stated is that a wage reduction would have no effect in increasing operations unless there are orders on hand to keep the mines operating. Observers, generally, seem to be of the opinion that the iron and steel and allied industries will show a return to order lists about the first of April, at least to the extent that operations may be resumed on some adjustment basis as to operating and labor costs.

DATE OF MEETING HAS BEEN POSTPONED

The meeting of the Washington County Principals' and Teachers' Round Table has been postponed from March 12th to March 19th. This is to avoid a conflict with the Western Pennsylvania meeting at Pittsburgh. The meeting will be held in the Public Meeting room of the Court House, Washington, Pa., beginning at 10:30 a. m.

SCHOLASTIC BASKET BALL TOURNAMENT

Dr. L. F. Kirchner, physical director of Washington and Jefferson College, has sent out invitations for a scholastic basket ball tournament to be held in the college gymnasium on Thursday and Friday, March 24 and 25.

Invitations have been sent to a number of leading high schools in the Tri-state district, and it is aimed to make the tournament one of the largest of the year, in which the strongest teams will compete, and will also help settle to a large degree the scholastic title of the district.

The tournament will be the first ever held in the history of W. & J. College, and no efforts will be spared in making it a success. Arrangements are now being made for the entertainment of the school athletes, of which more than 100 are expected.

In announcing the proposed tournament Dr. Kirschner said it was the idea to establish it as an annual event along the same lines as the big field meet, which is held every spring.

Frederick W. Wolff.

Frederick W. Wolff, a former resident of Charleroi, died this morning at 3 o'clock, in the hospital at Tarentum. Mr. Wolff was born in Germany, October 31, 1855. He came to Charleroi twenty-three years ago, but for the past two years has been making his home at Tarentum. He was a member of the Washington Avenue Presbyterian church, and of the local Masonic orders. He is survived by two daughters, Mrs. John Umble, of 710 Fallowfield Avenue, and Miss Clara at home; and two sons, Edward of Tarentum, and Elmer of Rockford, Ill. Funeral services will be held Sunday afternoon at 2 o'clock in charge of Charleroi Lodge, No. 615, F. & A. M., interment in Monongahela cemetery.

SCHEDULE FOR VOTERS FOR PRIMARIES AND ELECTION

NORMAL ALUMNI REUNION WILL BE HELD IN JUNE

The Alumni reunion of the California Normal school will be held on the 15th of June. Committees which will have the details in charge are already formulating plans for the event, which is expected to be one of the best ever held at the Normal.

BUY BIG COAL TRACT IN GREENE

J. Frank Dawson and Taylor N. Dawson of Uniontown have sold all the Sewickly or Mapletown coal that lies on the Monongahela river front that lies between Big Whiteley and Dunkard creek, including the Mapletown Coal company's works for $525,000 to Senator John L. Hatfield and associates of Morgantown, W. Va.

This coal, since being put on the market, has been used almost exclusively by the Youngstown Sheet and Tube company of Youngstown, Ohio, in their by-product plant at one dollar per ton above price of other coals. This seam of Sewickly coal, or as it is known in Greene county, the Mapletown coal, at some points in the field, analyzes as low as 75-100 of one per cent in sulphur, low in volatile and high in fixed carbon.

Greene countians that have used this coal all say that it is the best vein of coal in Greene county. The Dawson brothers have just finished optioning a field of this coal of 2,500 to 3,000 acres that crops out on Big Whiteley creek, about a mile from the Monongahela river, and not far from Gray's Landing.

It shows by diamond drill test from 5 feet 8 inches to 9 feet pure clean coal without any binder. This coal was purchased for the Rose Dale Coal company of Morgantown.

BIDS WILL AGAIN BE ADVERTISED FOR

The State Highway Department is again advertising for bids for the construction of 16,137 linear feet of one-course reinforced concrete pavement, 16 feet wide, in Somerset and Nottingham townships, on Highway route No. 181. These bids will be received until 10 o'clock a. m., March 31, 1921, at the State Highway Department in Harrisburg, at which time they will be publicly opened and scheduled, and contract awarded as soon thereafter as possible. Former bids on this contract have been rejected because the department believed they were too high.

The new bank to be opened in North Belle Vernon, the capital stock of which has been fully subscribed by residents of that community, will be known as the Peoples National Bank. The capital stock has been fixed at $75,000. The new institution will be located at the corner of Broad and Arch streets, it is said.

Commissioners Announce Dates for Registration and Tax Payments

AN UPSTANDING MAN.

Frank B. Willis of Ohio pays a hearty tribute to Harry M. Daugherty, slated for the post of Attorney-General in President Harding's cabinet. "Personally I have not always agreed with Mr. Daugherty," said Senator Willis, "but I have always known where to find him, either as friend or foe. Harry Daugherty is a fair fighter and a hard hitter. In the old spelling book from which he learned to read, the word 'fear' was omitted, and Harry has never learned it since. He has the type of courage and executive ability so sorely needed just now in the Department of Justice." There is a world of truth in Mr. Willis's concluding remark. Most of the Wilson executive departments have been criticised for their over-zealousness, but the Department of Justice appears to have been suffering from encephalitis lethargica. If Attorney General Daugherty can provide the antidote for the disease communicated by Mr Palmer—and Senator Willis is positive he has the remedy at hand—the country will be his grateful debtor, and have renewed confidence in the ability of President Harding to pick the right man for the right place.

Admiral Behnke denounces the "malicious joy" in his country (Germany) over the alleged prospect of war between England and the United States and says that such a war would "finish Germany completely." Evidently he does not share in the hope and belief that Germany could rise to world domination upon the ruins of the English-speaking world.

THE TARBOARD WATCH.

Josephus Daniels is learning all he can about the navy, so that he can write an editorial about it when he goes back to Raliegh—Washington Post. He must be confusing a couple of months with eight years, for during the latter period he has been editorializing on what he didn't know about the navy.

Leonide and Trotsky must have put some of their loot into the theatrical business, for the reports agree that they have made attendance at the theatres compulsory in Petrograd. What an easy way to fill empty seats. Producers of our plays in other countries would be green with envy.

From Berlin comes the story of a thief who excused himself on the ground that he was a poet and therefore ordinary laws did not apply to him. Had he excused himself on the ground that as a German he was above ordinary laws, he might have received more respectful attention.

The young men who took 742 American milch cows on a cattle steamer as a present to Germany were given such a good time in that country that they decided to remain permanently in some cases. The dispatch adds that they were born there.

Joy-riding is attended with risks. The total number of automobile fatalities reported in the country in 1919 was 9,287 as compared with 1,321 five years before.

The centenary of the death of John Keats calls to mind the fact that a slow public allowed both Keats and Shelley to lie in their graves a quarter of a century before their genius was appreciated.

Poison gas can be put to good uses. Some tubes of it burst when a safe in Utica, Mich., was blown open and the burglars fled for their lives without their coveted loot and leaving open their kit of tools behind.

952 Franklin Cars Shipped in February

Sales Keeping Up to High Level at Syracuse Factory.

Business for the month of February as reported by the Franklin Automobile company of Syracuse show that sales are keeping up to a high level. By February 15 the entire month's production had been sold, and to meet the overdemand the factory was called upon for 100 more cars than planned for. Shipments for the month totalled 952 cars, or within 35 cars of the best February in the company's history—this occurring last year. A new record would have been hung up this year but for the fact that February, 1921 had one less day than February, 1920.

Even with the Franklin factory working on a 40-car-per-day program, which is the present rate of production, it found itself unable to keep up with orders. During February the total number of orders received aggregated 1107, and even the 952-car output fell short of filling orders for February shipment by 155 cars. The manufacturing schedule for March calls for the production of 1031 cars.

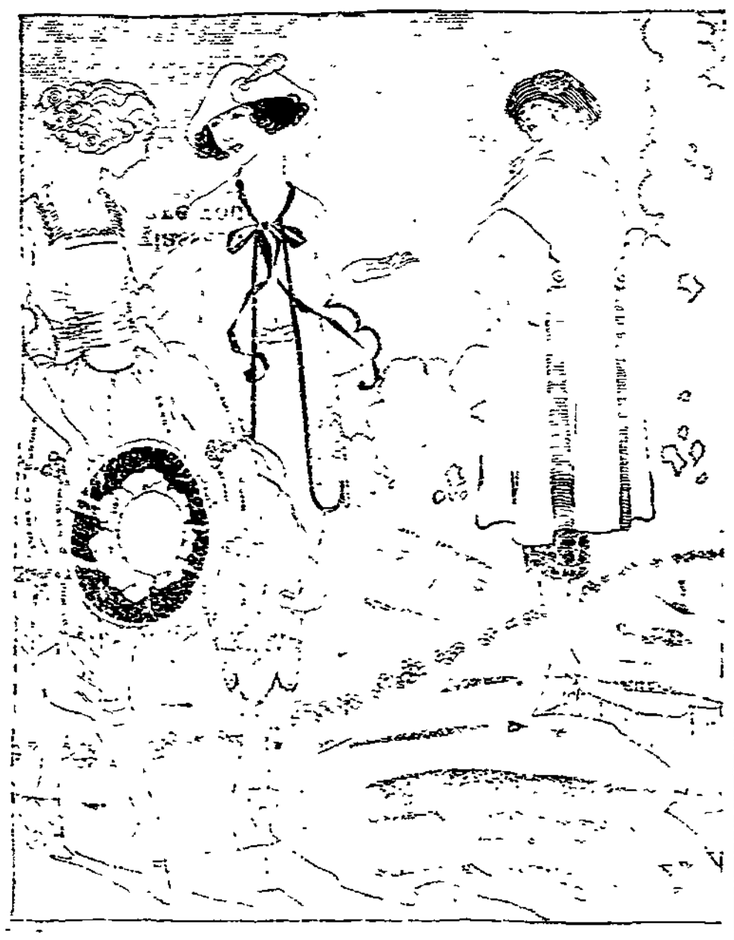
NEW EASTER FROCKS



Spring Frocks Refreshingly Individual

After winter the crispness of a new Taffeta Frock, the soft rippling folds of a Canton Crepe, or the verve of a Slavic embroidered cloth model, inspire feminine interest in Frocks in general. Styles are widely divergent, varying from the Spanish silhoutte of snug bodice and voluminous skirts to the graceful slim lines of long waisted moyen age styles The Directoire influence is being felt also. There is great use of grey, co ennages, red and rust tones on navy, and the effect in color embroidery and appliques is strikingly effective.

SIMCO SALVE
LEAVES SKIN HEALTHY

or F. J. John will give you your money back. SIM-CO SALVE is so softening to the diseased skin, so penetrating, so cooling and refreshing and such an active antiseptic healer that you will experience the most wonderful surprise of your life at the results obtained in using it for eczema, salt rheum, tetter, rash, chafing or ugly scaly bleeding skin.

SIM-CO SALVE is such an active healing ointment that bruises, cuts burns and sores soon vanish where it is applied and it is so pliable that it is a mighty good rubbing liniment for anything that a good rubbing liniment is used for. It will not, cannot injure and it takes only a 30c jar to prove its benefits. Your money back if it fails.

Those who are employed in public places and are in danger of contraction of skin affections from using towels or wash bowl that has been used by others should apply a little SIM-CO SALVE to the hands and face every night. it will not soil the skin and may save you future trouble by warding off some obnoxious, lingering skin afflictions.

Simply get a 30c jar of SIM-CO SALVE at F. J. Johns today for that skin trouble and the first application will convince you that the small sum of 30c was well spent. Usually one jar is enough and F. J. John's is authorized to give you your money back if you are not delighted with the results of its use. We want to prove to every one in Charleroi at our risk of expense that SIM-CO SALVE is best adapted to end these annoying skin troubles.

In addition to the above SIM-CO SALVE is used with surprising results as an application to the chest and throat for croup, plurisy, colds, coughs, Spanish influenza and pneumonia, because when so applied, the heat of the body causes it to give off antiseptic healing vapors which are inhaled, thus directly reaching the inside of the lungs as well as penetrating from the outside. Sold in three sizes, 30c, 60c and $1.00 per jar. If your druggist does not keep it, order from Wm. M. Simpson Drug Co., Wholesale Druggists, Wilkinsburg Station. Pittsburg, Pa.

OLD RATES HAVE BEEN RESTORED

The protest of the citizens of the Belle Vernon against the increase in the water rates of the Belle Vernon Water company, which became effective January 1st, was effective and the old rates have been restored. At a meeting held last week with the Public Service Commission at Pittsburgh, the company withdrew the rates that had been filed, and then filed the old tariff, thus restoring the old rates. It is understood the new rates were to have taken care of a filtration plant which must come in the near future.

TREAT ALL COLDS AT ONCE

Don't trifle with a cold. Every winter millions of cases of serious illness result from neglected colds. Grippe, influenza, pneumonia, catarrh and other troubles have their origin in colds.

At the first sign of a cold—a sneeze, nature's danger signal—apply Turpo. Turpo is first-aid for every cold trouble. It is a combination of the old reliable remedies, distilled Turpentine, Camphor and Menthol, in a clear mineral base. It carries the medication right through the skin to the root of the trouble. Turpo gives immediate relief, removing the cause of the trouble without blistering the skin or staining the clothing.

Every doctor uses the ingredients of Turpo in his practice. Your doctor will confirm that it is a safe, dependable home remedy. Every druggist knows the value of Turpo and sells it on a guarantee of money back if not satisfactory.

Mothers with small children find Turpo especially valuable. Many will not be without a jar of Turpo in the house.

MUCH INTEREST IN "FI-FI" PRODUCTION

"Fi-Fi," the musical extravaganza which is to be given at the high school auditorium on Wednesday and Thursday evenings of next week, is a story of much interest. Its presentation here is creating much talk and indications point to crowded houses for both performances. The story is as follows: Wandering in the woods at the close of day, in the vicinity of her father's toy shop, "Fi-Fi" is overtaken by the Sandman. He casts her into a migic sleep and she dreams a wonderful dream, wherein the entire toy shop comes to life, and wonderful things happen to the dolls, endowed for the first time with life and motion.

In such a production, there are many opportunities for the introduction of spectacular dances, and these are being made most of in rehearsal by Miss Mabel E. Bush, who is in charge of the work. The progress being made by the various participants augurs for a most pleasurable performance, and the rapidity with which the tickets are going indicates that the interesting events of next Wednesday and Thursday evenings are being keenly anticipated. The sale of reserved seats will be held at the high school next Monday afternoon promptly at four o'clock. All tickets must be exchanged for reserved seat coupons, and this may be done without extra charge.

DANGER SIGNS AT THE FRYE BRIDGE

Danger signs have been posted on the Frye bridge which spans Pigeon creek near Frye station on the Bentleyville-Monongahela highway. The bridge had been thoroughly repaired last spring and was in good condition until a short time ago when a heavily laden truck belonging to a Pittsburgh provision house crashed into the steel framework on the Monongahela end and badly damaged it. The guard rail was broken down, the iron girders beneath the floor were twisted, as well as the truss bents above were twisted.

The county commissioners were notified and the county engineer made an inspection, after which danger signs were placed at both ends of the bridge, warning all persons crossing that they did so at their own risk. Work will begin within a few days in making the necessary repairs to the structure.

To the Public, the Answer of Mrs. Rene Bioux.

That Mr. Rene Bioux need not fear of his wife, Mrs. Rosilia Bioux making any debts for him. Ever since I married him I worked to pay my debts and am still working at the American Sheet & Tinplate Company, Monessen. Who paid your debth? I did. I sent you the store book to pay YOUR debt at the store of Mr. Eugene Sance, 201 Shady Avenue. By the way, wherever I go or whatever I do, I do not use the name of Mrs. Rosilia Bioux, but my parents name, Miss Rosilia Pensis.
